An Assisted Living Residence

A New Place to Call Home
in a Community that Cares

Greetings Families and Residents

With the rising cases of the “Delta” variant we have been instructed to take some steps as an industry to mitigate the risks. Effective immediately, residents are asked to wear masks when out of their apartment, regardless of vaccination status. Please ensure that your loved ones have a supply of masks to wear at your earliest convenience. In addition, visitors must wear masks at all times when in the building. Please be sure to sanitize your hands upon entry to our community to further prevent the spread of any contamination.

These steps will help us to keep our community safe, as we navigate through this next increase in cases. As always, consider any potential risks you may have been exposed to prior to visiting our community, and do not visit if experiencing any Covid symptoms, including fever, diarrhea, headache, fatigue, or loss of taste or smell.

We have been through a lot this past year and a half. I am sorry to have to share news that takes us backwards, but this is minimal in the big picture.

Thank you for your understanding!

Thomas W. McMullen
Executive Director
